“My grannymama was a kind and loving person. She enjoyed reading, watching movies, and listening to music. Sometimes I had heavy feelings and she was ready to lend me an ear. I miss her hugs and I will miss her so much.

“Barbara was my cousin and one of my best friends. We grew up together having many special experiences. Both of us had imaginary friends. Our imaginary friends were friends. The four of us had many fun times together! As adults We shared as much time together as we possibly could. I loved her deeply and will miss her terribly!

“My older sister, Barbara, and I come from a very close knit family. Born and raised in Kathleen and living in Lakeland all our lives our family celebrated all the milestones, vacations and holidays. So many memories. She will be terribly missed but I know she is with the Lord and I will see her again. Love, Diane.

“ One of the last times I visited her, "Thank you for being you and for all that you've done for me!" Her response was, "You are the love of my life". I know that she felt this way about all of her family. It goes without saying she will be missed so very much!

It is a fact that she loved her family and loved being with them. We also loved her. She was not just my sister but like a second mother. I will miss her Loveland.

Barbara and Lester are my aunt and uncle, but since we were only about 10 years apart, I felt they were more like brother and sister to me. I have many fond memories of time spent with them when I was a teenager and lots of barbecues and going fishing. They always welcomed me into their home and let me hang around them. I remember lots and lots of laughter and I can still hear Barbara's laugh. I wish I could have spent some time with her in the last few months. I am very happy to know that I will see her again someday in heaven.
