“ When we built our current house Charlotte was our first neighbor. We already knew her from Rendezvous and she was always a classy lady! We visited her mountain house in North Carolina and always enjoyed having her as a neighbor in Plant City. She gave me my first Blue Willow cup and saucer and my kitchen is blue and white with pieces on the kitchen soffit because of Charlotte. She was sweet and caring and we send our love and wishes for peace and comfort to her family.
