“Don was a wonderful person and very hard worker I worked with him at the power plant for yrs. We also did cows together , when our bull got into your back yard to your cows he would call me and stay thanks for the bull he is done now come get him. So we would get him out and fix the fence together and laugh about it. Don always would go out of his way to help someone if they called and needed help. Good man I say one of the ones you don't forget. May God bless you Miss Hasse and your kids. He loved you so much all the year I knew him he always spoke about he married up he would say got me a good one then smile. That is how I know and will remember Don hard worker and great guy. God bless you all.
