“ So sorry John and family to learn of the passing of sweet Donna. I did not know her for very long, but she was a sweet person. I always enjoyed seeing her and giving her a hug. One day I will hug her again when we all get together with Jesus.

“ Donna was always like Frick and Frack with Mr. Johnston GEICO the many years I worked with them. She was always smiling and a very bright spot in even the toughest of days! God bless your family during this deepest hour...

“ Donna was such a sweet lady. Years ago she was our piano player and John was our music director and youth leader at the church I was at. I have so many memories but the one I am thinking about is we was doing a Christmas musical and her and I dressed up in southern bell type dresses nobody else did. But we didn't care we sang our hearts out and walked around doing our parts it was great. I have always loved those times and I will always cherish them. I am gonna miss Donna. RIP no more pain now you can be painfree and one day we will all see you again.

“ *I have so many memories of Donna and John but especially her beautiful smile. When I was down, I was out and encouraged by her encouraging words. I miss her dearly and we just spoke online last week. I have many memories especially from Crystal Nazarene Church to South Florida Heights, to other Nazarene churches. I can't believe she is gone, but I have a peace that passes all understanding that I will see her again in our heavenly home. I love Donna and miss you.*

*Blessings.*

*My dear friend Donna, how do I share a memory? There are too many memories, fun times, vacations together, holidays, dinners, family get to get togethers and then our hours of church together. Laughter, Christmas, Easter, just plain ole get togethers, prayers for our boys and we sure did a lot of that. Don't know how I would have survived all these years together without the many hours of prayer. All the hours in the car singing our favorite songs. Of course those days I could talk and sing. All the days we spent with each other in the hospital when each of us had a serious surgery. We were always with each other. Too many years of girlfriend support. I remember shopping for Christmas presents and you trying to talk me out of getting my little doxy Pumpkin. You sure tried to talk me out of getting her but no luck she came home with us. All the parades when we took all three of my dogs and we laughed until our sides hurt with Donald eye to eye with Snickers and he did whatever Donald told him. We laughed til our sides hurt. I have nothing but wonderful memories with you, John, your family members and the Lord. I love you so much and will carry you in my heart until I see you in Heaven. Look for me, we will be together again. Sue*
