“ *As I can see from the many fellow "adopted" family members of Helen, she was so generous in her love, giving it openly and deeply to many. She had me call her "Granny," which meant so much as my biological grandmothers passed away too early. She was so funny and sassy. She loved animals--cats especially, playing Gin Rummy, good-looking men, and her caregivers. These photos are from 2 days before she passed. She knew she was close, and said that she was ready and excited to meet Jesus. She was happy with her life. I love her so much, it hurts that she's gone, but I know she was prepared.*

“ I didn't know Mrs. Bell for to long when working at orchard park but from what I got to know about her is that she lived her life with not one regrets. She would tell me time and time again "if given the chance to do my life over again I would not take it and that I've lived it to the fullest I could " she touched my heart so deep that I would never forget her

I love you Mrs. Bell
