“ She was the one to teach me about our faith. Sister shriver was the same. No matter where you seen her. She always treated you with love. She would say im praying for you. In church or out of church she never treated you different. She would say you know the word . Jesus loves you. She use to say little sayings like talking about thoughts she would say. You cant stop the birds from flying over your head but you can stop them from building a nest. i remember taking her to church after she would say come on in have some sneaks with me. Love you sister shriver . rest in peace now but i know you are not resting you are shouting on streets of gold and running with aunt linda. You will be missed but never forgotten....
