

Jackly Joseph

January 4, 1964 - August 1, 2024

Mr. Jackly Joseph, 60, passed away in Lakeland, Florida on August 1, 2024. Born in Gonaives, Haiti on January 4, 1964, Jackly was the 5th of 8 children born to the late Leobrun and Myrielle (Jean-Baptiste) Joseph.

Jackly grew up in Haiti, graduating from high school and attending Universite d'Etat d'Haiti where he received a bachelor's degree in Electrotechnical Engineering.

Jackly moved to the states around 1990 and resided in New York where he studied electric power engineering at Rensselaer Polytechnic Institute. In 1994, he received a Master of Engineering.

Jackly was incredibly smart and had an ambitious thirst for knowledge, which is evident in his impressive educational achievements. In 1999, he went on to achieve yet another Master of Science in Computer Engineering, this time from Florida Atlantic University. He had a great work ethic and was known for his smart decision making skills and always having a well thought out plan. In his personal life, Jackly was a reserved gentleman. He preferred to keep any struggles he had to himself, not wanting to burden his loved ones. He disliked gossip and avoided situations that would place him in the middle of drama.

He loved to watch TV, especially the news, nature and historical documentaries, action and old western movies. He loved politics, listening to religious podcasts, opera music (especially Andrea Bocelli), architecture, travel, and being on the beach, relaxing in the sand and enjoying the views.

He enjoyed reading books, cooking, and technology products, especially anything Dell. He enjoyed his peace and privacy which he often found in taking morning and afternoon strolls. Jackly loved his hometown Haiti, and he had plans to retire there someday.

Jackly is survived by daughters Corine, Sophie, and Stephanie Joseph. He is also survived by seven siblings: Claude (Gina) Joseph, Evens (Judith) Joseph, Lenide (Herold Latortue) Joseph, Medard (Pascale Joseph) Joseph, Myriamme (Marvin) Joseph-Rentz, Kerby (Maria) Joseph, and Marie-Farah (Glenn) Joseph-Corniola.

Visitation will be held Saturday, August 17, 2024 from 9-10:00AM, followed by funeral service at 10:00AM, at Gentry-Morrison Funeral Home, Serenity Gardens Chapel.

“ Jackly mon frère,
Pas facile de digérer ta perte. Nous ne cessons de dire à Notre Père céleste "Que Ta volonté soit faite" mais notre partie humaine en souffre péniblement. Qu'il me donne la force et le courage d'accepter cette dure réalité .
Pars en paix, angel bro. Tes frères et sœurs ne t'oublieront JAMAIS.

“ Jackly, my dear little brother,

Only a true believer in God could have acted with the grace and strength you did during your time with us. You valued your privacy, even in your sickness. Don't look back; go straight to your Father. He is waiting for you. We will miss you dearly. Now, there are seven of us, not eight.

Fly with love! Everyone gets a one-way ticket.

“Dearest Dad, we miss you more than words can describe, thinking of all the time we can no longer share. Or how we'll never be in the presence of your kind, friendly, gentle disposition and logically loving nature bring us more grief than we ever knew it was possible to feel. The only thing that brings us solace is knowing that as you loved God so strongly with all your heart, he now holds you in his loving embrace even stronger. Even though you are no longer here with us physically your memory and the time we spent together will always stay with us in our hearts.

May you rest in peace in the Lord's house.

- With love now and forever

“ So very sorry to hear of the sad passing of Jackly. He was a well-respected employee of HID for over 17 years and supported the careers of so many of his team during that time. Jackly always had a smile on his face and his bubbly and positive personality meant he formed close relationships with his co-workers, many of whom considered him a great friend as well as a colleague and boss. Sending our sincerest condolences to Jackly’s family and friends on behalf of HID, our thoughts are with you all.

“ Jackly, you were a great co-worker, friend, and neighbour. I am going to miss stopping by your house and having our talks as well as our once in a while walks. While your passing saddens me, I know that you are no longer suffering in the physical. I am so very grateful for the times that I was able to share with you.

“ I am deeply saddened to hear about the passing of Jackly. As my first boss out of college, he played a pivotal role in launching my career. His decision to take a chance on me as a QA intern opened the door to invaluable learning experiences in biometrics and test engineering. Jackly had an unparalleled passion for both life and work. He inspired me to strive for excellence, demonstrating that dedication and hard work truly pay off. He patiently guided me through my early days, always providing support and advice whenever I needed it. Please accept my heartfelt condolences. Jackly had a profound impact on my life and career, and his legacy will continue to inspire me.

With deepest sympathy,
Andrea

“ Jackly gave me my first real job, one that I enjoy doing everyday. He gave a chance to a kid just out of college when no one else would and without him I honestly don't know where I'd be. He was a great friend and boss I'll miss him dearly.

“ Jackly, my love, thank you for this most rewarding opportunity to serve you during your last few days on this earth. It felt like we were operating on a different level, so connected emotionally and spiritually. You embodied the word "trust in God" and I thank you for all your words of wisdom. I crumbled many times under the heavy weight of watching you slowly dying right in front of my eyes while I was trying to move heaven and earth to save you. The day Moffit Cancer Center told us that there is nothing else they could do, you helped me understand through your actions and words, that nothing on this earth is allowed unless Yahweh says so. Nothing! As you stated "sis, the best doctor on earth can only do as much as Yahweh allows him to do." Only then was I able through the tears to accept God's decision no matter how difficult the daily struggles were for I had a pretty good idea that you were going home with your heavenly father. You earned your wings, my beautiful angel. As we said to each other during the last few days, we fought a good fight, but God had greater plans. The day before you stopped talking, we had a great prayer meeting and a great talk. You squeezed my hand and said with a big smile: "Mychou, you are golden." Allow me today to say the same to you: "Tijak, you are golden". Until we meet again, brother, know that you left with a huge piece of me. I loved you, love you and will always love you. Rest in Peace!

Jackly, you helped to train me when I first started at Crossmatch in Quality. I'll never forget that, oh, oh you made every time you found a new bug.

I fondly remember sitting with you at our Abacoa Country Club Christmas party. We all had raffle tickets and that year the company was giving out some Dell Laptop PC. Your phone was blowing up and you needed to go home. I told you to leave me your ticket that I wrote your name on in case you won. Well, you were not gone but about 10 minutes and they called your number. I told them you had to run home and would they give you the laptop as I had your ticket, they did and I called you to tell you that you won! You were so happy I was concerned you would get in a wreck. I took your prize to work on Monday and we both had a good laugh and you had a big smile on your face. I was happy I had suggested you leave the ticket and you were too.

Going to miss you, my friend, rest in peace.

Sorry to hear about the news. He was such a great person, always open to new ideas. He used to spend a few minutes before and after lunch discussing Indian philosophy and current political situations around the world. I learned some basic Spanish from Jackly. After our discussion, he would say, "Mucho frío." I would ask him, "¿Dónde está tu chaqueta?" He would heartily laugh and walk out to get some sunlight. It was a daily routine at the office. My heartfelt condolences to his family and loved ones.

As I reflect on the life of Jackly, I am reminded of the deep bond we all shared. His presence was a source of comfort and strength, not just for his family but for everyone who had the privilege of knowing him.

Jackly possessed a remarkable intellect and had an extraordinary ability to make those around him feel valued. His kindness, humor, and unwavering support were true reflections of the incredible person he was. I will forever cherish the memories we created together— the meaningful conversations, and the simple, everyday acts of friendship that touched my heart.

Although his time with us was far too short, the impact he made will last forever. His memory will continue to live on in our hearts, reminding us of the importance of love, compassion, and living life to the fullest.

Rest in peace, Jackly. You will always be missed, but never forgotten.
