“ *I remember both Al and Kathy very well. Staying at they're home in Florida and playing cribbage all day and night. Family reunions were always a hoot with them. They're together again as they always were.💕*

“ *Kathy was a great sister, she walked me a mile to grade school. I went to school across the street from Pius XI high school and some of her classmates asked her if I was her son, to funny! She told a story of when she was young and a boy picked on her and bullied her. Our dad told her next time to make a fist and hit him right in the nose. She did and the boy was hurt so bad he missed school the next day. He never picked on her again and they became good friends. I'll miss her very much!*
