“ Kristan, I have not gone one day without crying my eyes out since I heard the news! Kristan was a kind, loving soul who is the mother of my step son Aiden. My heart is breaking for this young boy who just wants to tell his mommy he loves her one more time, just wants to hug her one more time. Kristan was family, she was fighting some demons which caused myself and others to take a step back from our relationships with her but that doesn't change how we love her and wanted the best for her. I want to promise Kristan and all of her family that I will always make sure Aiden is taken care of, I will always remind him how much Kristan loves him and I will always be here with him. Every chance I get to tell her youngest son about her I will do so as well. I'm so sorry for such a huge loss this is for so many who loves Kristan.. to know her was to love her!!

“*Kristan and I had many good and bad times together. I met Kristan in middle school. We will be forever connected by our oldest boys Aiden and Andrew who are cousins. We were pregnant together with our first born children and our babies. I will see her every time I look at my nephew Aiden and she will live on through both of those beautiful boys. Her and I were very close for many years and lived next door to each other while becoming adults. I remember her cooking the most delicious food. I remember her picking me up from the hospital when I had my first child while she was pregnant with Aiden. We laughed together and cried together many times. I remember her baby shower that Donna threw while she was pregnant with Aiden. She was so excited to be a mom! We went through so many major life events together that I could not begin to name them all. I will always consider Kristan to be my sister and I wish I could have spoken to her again before she passed. I will always remember the sound of her voice. I will always remember her kind heart. I will always remember how much she loves her boys and how proud of them she was.*

Kristan you will always be my sister and my life will forever be changed by the experiences we shared. I love you.
