“ *Dr Diaz was a Blessing to our grandchild Cory for not only being his doctor but someone he felt safe and trust in. Our Cory had both parents on drugs but God seen to it he had the best Dr and love to thrive. He is now 22 years old and remembers Dr Diaz for those early years. Thank you Dr Diaz and may heaven be more than you could ever have imagine!!!*

“ *I remember when Miguel and I went to the Hipodromo Remon in Panama to watch the horse races on Sunday. We enjoyed it very much because we liked it and my father in law Juan was with us. It was a wonderful memory that I would never forget. Beautiful moments that I remember and never would forget it. Miguel was a quite, very smart, had respect for the people, he was a helper who needs him as a person and as a doctor he was always there. He was a very good man in all the way. God bless you Miguel!*

“ Yo recuerdo a Miguel como una persona muy servicial y dispuesto siempre a ayudarme con la salud de mis. Recuerdo una noche que lo llamé tarde en la noche y el desinteresadamente me ayudó con mi hijo Joseph sin cobrarme un centavo y también me llamo después para darle un seguimiento, que bondadoso fue. Siempre lo llámame y yo se estaba ocupado y aún así sacaba tiempo para escucharme. Nunca olvidaré a Miguel 😭

“ *I have read all the beautiful commentary here about my father. Oh how I wished he had given me the opportunity to know him. I am his oldest son and carry his name as a lasting memory of who my father was. Sounds like a wonderful person but that is not the man I know. I hope he is in a better place now. My prayers go out to my brothers whom I have never met. ~Miguel Angel*

“ *I'll never forget taken my two boys to dr. Diaz office when it was in Bartow.. he came in the room and my two boys were so wild and so very hyper that my oldest son was literally climbing the walls and my other son was sitting in his chair driving it and hitting one wall to the other wall they both had ADD and ADHD when dr. Diaz walked into the room he said oh my God we need to put these kids on a track they got so much energy.. he said I know how to fix this and he walked out of the room and came back with a nurse he had a big ol Needle on the tray and told both my boys that it was time for a shot to calm them down (LOL) the looks on their face was priceless and just said that very moment they no longer had hypertension he had scared them straight😭 he has the most definitely will always be messed with in my family he was a great Pediatric and went way and Beyond out of his way for all the children that he worked with we had many laughter's and most of all so many memories through the years of my kids having him as a doctor.. may he Rest in paradise*
