“  *My Grammy was definitely very special to me. I was very spoiled by her, but never took it for granted. I always loved the times we shared together and all the memories we made. Taking care of my Grammy in her final stages of life was very difficult at times, but I would have done it a million times over just to see her smile and tell me all about the Mark & Kelly show or The Price is Right. Grammy will always hold a special place in my heart. *

“ *My grandmother was more than just my grandmother. She was my mother, and my best friend. She was the best grandmother that any kid could ask for. I love her dearly and this is a very hard time in my life. I am trying to remain strong and be the man my grandmother always taught me to be. I will forever miss you Grammy and I will always have you in my mind. I love you with all my heart and I can't wait to see you and Grampy again.*
