“ Danny, Wilma, Pansy, Connie, Paula, Lil' Mel I am so so sorry about Phyllis. We were all in each other's lives for a very long time years ago and then everyone went about their separate ways. But Phyllis was always a constant in my life for 51 years. There were times when I didn't hear from her for 2 or 3 years at the most but I always heard from her at some point in time. If I didn't I would worry. And she always called me on my birthday and I always called her on her birthday if I had her phone number. As my daughter grew Lexie would always ask if I had heard from Phyllis and ask me how she was doing. All of you guys were a big part of my life as I was growing up and I have always missed all of you. I will so miss talking to Phyllis even if it was only once or twice a year sometimes. We used to laugh so hard that we would cry and I miss those times. A little piece of my heart broke off and left with her today. The only solace is knowing that she is no longer suffering and hurting. Phyllis you are now flying free with the butterflies like you always talked about and I want you to rest in peace knowing that I love you and will miss you and will never forget about you! I'm so grateful that I was able to talk with you last week. May God rest your soul. Again everyone I am so sorry for your loss and may peace be with you all as well. Love you all.
