*What to say about Bob, where do you start? The first time I heard of Bob and Linda was when a member of our Sunday school class put their name on our prayer list. She told us what a wonderful Christian couple they were , little did we know we would be blessed with being part of their family. From the first firm handshake that later turned into genuine hugs, his infectious smile, and his love for the Lord was contagious. When you were around Bob you would have never known what he was going thru, but you always knew about his Lord. Yes,Bob had cancer but cancer didn't have Bob! I am blessed to be able to say Bob was my friend and my life is better because of him .Until we meet again my brother thank you for loving me. Praying for the family, may God give you the peace and strength in the loss of your loved one.*

“ There is no one in this world that can take the place of Bobby Honeycutt. His love was never stingy he poured out kindness to everyone no matter what was taken place. He spared grace to everyone he was a true "REAL" Christian man a Christ Follower.

*Many times I walked in the office in the shop to see his bible opened up and him reading it. He would look up with a smile on his face to tell me Jesus was good!!!*

*Bobby was all about his family memories of his past he would speak of often but the future plans were always for his family.*

*Looking at the corvette picture here makes me smile the stories that have been told by Brian and Sharon about how Bob loved that car. The pictures of him smiling that was Bobby! I am speaking for Bobby right now if you would like to honor his memory he would want you to carry on his heart for Jesus his love for Jesus. He would like you to share always share Jesus to everyone that you meet cause I know Bobby did and he did it with love cause he wanted people to understand the most important thing here on earth is a personal relationship with our Lord and savior!*

*Dad, (Bob) Thank you for giving me wisdom in the short years I got to know you. I will treasure them always! I love you! Now Go rest in peace with our heavenly father till we meet again!!!*

*Love always,*

“ *Uncle Bobby was a warm, kind-hearted person. He always made me laugh, and had such a calm voice (I do not recall seeing him mad hah hah). He had just an awesome sense of humor and warm smile. I have many fond memories of time spent with him during family get togethers and will always cherish them. I am grateful to have him as an uncle! My heart goes out to Aunt Linda, Blake, Annette, Brian, and to the rest of the family and his closest friends. Will truly miss his authentic laugh and his warm hugs!!! Love you Uncle Bobby!!!*

“ *My brother Bobby was genuinely, 100%, all heart! He was always there when I needed him, and will always be so grateful for that. I am sad that we did not get to spend more time together as adults, however just knowing that I could talk to him on the phone, and hear him laugh, made me very happy.*

*As kids, we were always playing and pitching horseshoes. We would argue about who got the closest to the horseshoe post, and then laugh about it afterwards. We always had fun horsing around. Those are just a few of the memories I will always cherish.*

*I am so proud of my brother, for him starting his own business, raising wonderful children, and living such a good life. I know that Linda is going through a hard time, and will truly miss him. My heart goes out to Blake, Annette, and Brian for their loss of a wonderful, dedicated father.*

*Bobby - Maria and I will truly miss you!*

*With all my heart and love, Russ*

“ Bob was a spiritual giant. Marc and I often sit and read from a book Bib shared with Marc during Marc’s cancer struggles! Uplifting spiritual words of peace .The memories Marc and I love best is sitting and talking and laughing with Bob at our painting studio, where Linda and Melinda would share their talents with us. My favorite memories during some of Bib hardest times was him popping in on Linda’s Online classes with me and saying Donna Jesus loves you! I know he does! Bless you my sweet friend Linda. I cry even writing these words because we will all miss his sweet smile! With all our love coming your way Linda and family! He’s smiling down over you all and he is with our Lord Jesus Christ where he will be in Peace. Love Donna

“ There will never be enough room on a page for me to put into words how much I love my daddy and how much he means to not just me but to my children and family. He was one of a kind.. He loved the Lord with all his heart and his biggest desire was to know that his children, grandchildren and family were right with God so that we all make it to heaven. During his last months he talked often of Heaven and his favorite saying was "Whether I go or whether I stay.. I'm a winner either way". Daddy is truly my hero in every sense of the word. His encouragement, words of wisdom and Love will forever guide my steps for the rest of my life. I'm so thankful and blessed to have had the last 4 years to really have the quality time that we were able to share. We shared so many laughs and made memories that will last the rest of my life. Here's to you daddy.. you're finally in the arms of our Lord and Saviour and with those that you love that have gone on before you. I miss you more than you'll ever know. Thanks so much for being the best dad in the world!  
Love Annette

*Blake , Annette , and Brian. I am so sorry to hear about your Dad passing away. I remember so much of the fun that I had with him, taking me hunting, and no matter any time that I seen him, he had a smile on his face and he was one of the most joyful men that I have ever come in contact with. Never had one negative thing to say about anyone or anything! As I continue on in the ministry, I will always see his face, his smile and his wonderful sense of humor. He was truly a great person and friend and I know that through everything that he went through in life, his love for his family and his children, and most of all, his love for the Lord, was always, and will always be something that I'll never forget. I am so sorry that I can't be there for the service, my love is with you guys . I have never felt so close in the years that I've known all of you, but part of the family. I love each and everyone of you with all my heart. I've lost both of my parents and I know exactly what you're going through . We always wish that they would live forever with us down here, but rest assured that they are living forever with the Lord. If we respect and believe how they believed, it is a guarantee that we will be together with them soon. And I know that you all are Christians, and the Bible says that we will know each other when we get there. So please never forget that. I love you guys with all my heart and prayers will be lifted up daily from this day forward for you and your family. I love you guys!*
