“ Bobby I had the opportunity to work under your guidance as the BEST produce manager that I worked under in my years with Publix. I started in grocery as a cashier. One day you came to my register and shut my light off and said I need to talk to you. Well I thought I was in trouble. Actually he asked me to come work in produce. I eventually stayed in produce and became a floral specialist. Thank you Bobby for helping to teach me a great work ethic. I respectfully give you my gratitude
