

Stephen Todd Robinson M.D.

November 22, 1963 - July 14, 2018

LAKELAND – Stephen Todd Robinson, M.D., 54, of Lakeland, Florida, passed away Saturday, July 14, 2018, at Tampa General Hospital after suffering a heart attack the previous Saturday from which he was unable to recover. Dr. Todd was born November 22, 1963, in Rome, Georgia, the only son of Dr. H.G. and Bonnie Robinson, who preceded him in death. Dr. Todd graduated from Florida Southern College in 1987 and the University of Kentucky School of Medicine in 1991. In 1994, after completing his residency, he served as a medical missionary doctor in Bangladesh and then joined his father, Dr. H.G. in family practice at the Robinson Family Clinic in Lakeland. Dr. Todd met his wife, Tamara R. Meadows, while in his residency in Lexington, Kentucky, and had been married for 23 years.

Dr. Todd is survived by his loving wife, Tami, and five children—Chase, Brooke, Cole, Paige, and Rose; two sisters, Cathy Sokolski (Tom), and Bitsy Dawn Scaniffe; mother-in-law and father-in-law Diane and Mike Meadows; one sister-in-law, Lori Eckdahl (Bill); two brothers-in-law, Jami (Kathy) and Michael; five aunts, Dimple “Dee” Tosh, Judy Ray, Betty Steele, Betty Jo Friskney (Doyle), Debbie Wilkinson (Russ); two uncles, Ron Meadows (Carolyn) and Ray Meadows (Debbie); nieces and nephews, Brittany Sellers, Brenna Meadows, Stephanie Sokolski Cunningham (Craig), Courtney Eckdahl, Sammi Sokolski, Shelli Sokolski, Staci Sokolski Bates (Trevor), Cathy Scaniffe, Jessica Sokolski, Caleb Scaniffe, Emily Meadows, Shelby Meadows, MacKenzie Meadows, John Meadows, and many cousins and

great nieces and nephews.

Dr. Todd loved being a physician, and he did not view what he did as a job, but as a calling. He loved researching and reading to find answers that would benefit all of his patients, but especially for those with health problems for which conventional medicine offered no further options.

Dr. Todd enjoyed hunting, fishing, hiking, sporting clay shooting, Saturday breakfasts at Fat Jacks, Thursday lunches at Beef O'Brady's and spending time with his family and friends.

The viewing will be held at Christ Community Presbyterian Church, Lakeland, Florida, on Friday, July 20, 2018, from 4:00-7:00 p.m. A memorial service will be held at Christ Community Presbyterian Church on Saturday, July 21, 2018, at 2:00 p.m.

In lieu of flowers, please make donations to Christ Community Presbyterian Church by noting on the memo line "Dr. Todd." All donations will then go directly to the family.

RC

“ Oh What a shock to call the office expecting to make another appointment and to hear about Dr. Todd. He was a true hero to his patients. You could feel his love and concern. He truly improved my quality of life for me and my husband.. I extend , condolences to his family. He spoke of them so often. Sincerely Susan Crews

Robert C Crews - September 14, 2018 at 03:34 PM

“ Linda Kimball lit a candle in memory of Stephen Todd Robinson M.D.

Linda Kimball - August 07, 2018 at 09:42 AM

LK

I met Dr. Todd when my son had been treated for cancer with no luck with traditional medicine. It was too late for Brad but I still have the papers he gave me with what he recommended. Then I met his Dad that gave nutritional talks in the back of the office. What a difference they both made in my life. The epitamy of what a physician should be.

Linda Kimball - August 07, 2018 at 09:48 AM

KL

“ *Both Dr's Todd and H.G. were immeasurable in the ability, care, and patience they had with us as patients. I remember getting a call at 2am from them concerning my child's illness and then following up the next morning with concern for how he was doing! Who on earth does that!?! For me as a first time mother this man and all of his staff were a blessing from God is all I can say. I thank his family from the bottom of my heart for sharing this great man with the community and prayers for you all continue to this day!*

Kathleen Lawrence - August 04, 2018 at 11:34 PM

For some reason the word "Dr." was not on my post. So sorry. Again such a caring man who cared for his patients.

Peggy Baker - August 02, 2018 at 05:50 PM

CN

“*After working with a good local doctor, God led me to Dr. Todd when the previous doctor wasn't sure how to continue. I was bed ridden and recently quit my job as a teacher because my thyroid was so low. I couldn't brush my teeth, shower, or care for myself, so my husband stepped in to help care for me. Dr. Todd taught me to value self-care and boundaries, and little did he know, my health journey was teaching me self-love, in a way I know God is proud of me. :) He had that fatherly countenance and he journeyed with me through so much in my health. He was always professional, kind, caring, compassionate, and shared wisdom I had prayed for before each appointment. You could tell he loved who he was and all he did to help many who felt helpless. Once our little boy was born, Dr. HG & Dr. Todd became our family doctors...I called the office COUNTLESS times as a first time stay at home mom, and he and his gracious staff always supported and cared for us and our little boy. What a blessing Dr. Todd has been. I am heartbroken that he is gone. I know God is leading me, my husband, and our little boy into continued health, and we will continue to trust God to lead us...just as He originally led us to the unforgettable blessing of all at Robinson Family Clinic. My heart continues to think of his wife and children, and pray for each by name, as he spoke of them fondly.*

ME

Dr. Todd, we miss you and your gentle heartfelt ways. I wonder why so many naturally effective & successful doctors succumb to a sudden & unexpected demise.

Mel - September 11, 2018 at 09:00 PM

“*Since I lost the lengthy tribute I composed by moving or touching the fone the wrong way, I will have to try another time. But for now I will leave with a quote by the great Brittish missionary to India, William Carey:*

" Expect great things from God, attempt great things for God."

I believe Dr Todd expected and attempted great things. He was a brilliant doctor and a remarkable man.

Doris S. Lopez

Dores Lopez - July 25, 2018 at 12:31 PM

IB

“ I was first a patient of Dr H and then Dr Todd. I was a little nervous to change over to Dr. Todd after his father graduated to heaven. I couldn't believe how much the same and yet how different they were. Christ-centered, love of family, patients, good health. I loved Dr Todd immediately. We had just started to figure out what was going on with me, so I am truly missing him.

My heart goes out to his wife Tami and his children. I am sure he left them with so much love and wisdom and joy...yet nothing makes up for this loss. I know his beautiful staff is so sad too. And as far as medical care - I know his family, friends, staff, and patients are all reeling and wondering who will help us navigate our health.

There is no replacing these two smart medical doctors and men of God. They blessed us all with their faithfulness, fortitude, and kindness. The best we can do to honor them, and their families for sharing them with our community, is to live as they would want: loving and sharing Jesus, living well, loving all those around us. Having lost so many family and friends close to me, I am reminded that if we truly believe what we profess; they are even more alive than we are. And our faith assures us of the Great Hope to see them, and all those we love, one day.

“ I am so sad to learn of Dr Todd's passing today. He is irreplaceable. He treated me with such respect and compassion. His knowledge played a big part in my still being alive today. I'm so thankful for the Robinson family and Robinson clinic. I am keeping his family and staff in my prayers. What a loss!!!

Bonnie Taylor - July 23, 2018 at 07:03 PM

AF

“ I am at such a loss 💔 but I want to share the sweetest memory of Dr Todd that i have... We were all reeling after the passing of Dr H.G. and I had 5 sick kids. I knew dr Todd had taken on all his dads patients so i hoped we could get well without being a burden but it was the flu... I was holding back tears my 1st time back when dr Todd walked in. He sat down in front of us and started to cry, he told my kids that his dad loved them and all his people and took such good care of everyone and if they would allow him to step in his dads place he would take super good care of them just like dad did... We had a good cry and all the kids accepted his offer 💕 so many times we laughed and shared crazy stories about all of our kids. They were by far the 2 best Dr's I have ever encountered. They're irreplaceable. May God bless his wife and family with peace now and always! our prayers are with the Robinson family!

Amber Contreras & family - July 22, 2018 at 08:28 PM

“ Dr. Todd believed me when all other doctors poo-pooed me. I am well now and will always remember his kind, gentle and above all else, CARING nature. He loved his family and used to tell me about all the children each time I saw him. We all here in the living world will miss this man tremendously. We will see him again one day - Blessings to his family always.

“ I'm so sorry for your for the loss of your husband and father. I had just began to go to his office and he was so awesome. I was looking forward to my many visits with him. I can not believe that he is gone. My mother is so heart broken. She was a patient of his father until he passed. She then became Dr. Todd's patient and she was very happy with him. He will be missed. May God bless you all in this time of sorrow...

My mother (pictured here with Dr Todd) and I are forevermore grateful for God leading us to Dr Robinson over a year ago. My mother was bedridden from a serious illness and I drove her seven hours to see him. Within a month, she was back up and recovering. I am convinced that she would not be with us today had we not been treated by him. Today she is back working in her garden everyday and passing out her cards with Bible verses to everyone she meets. We are so heartbroken and will miss him so much. Thank God for his life and ministry. Trina and Princie

Trina Sterling - July 18, 2018 at 06:16 PM

RF

“ Dr. Todd was such a blessing to My wife, 3 children and I! Despite being able to go see other Dr.'s for free through my work insurance I gladly paid out of pocket to have Dr. Todd be my PCP. He truly cared to see me get well and took the time to answer all our questions every visit. As I was unable to eat and withering away to nothing, he was a big part in solving my problem and why I am here still today. He was truly a life saver to me and will be greatly missed!

Ryan Floyd - July 18, 2018 at 12:01 PM

“ Dr Todd took care of me when I was in Lakeland and a houseguest of Steve and Debbie Sloan. I came down with a bad case of shingles and Debbie took me to Dr Todd. He was so kind and caring. I will always remember his nurturing manner. May God hold the family in His hands.

Rachel Mikula of Katy, Texas - July 18, 2018 at 10:52 AM

JL

“ My heart goes out to the Robinson Family and to everyone who had the privilege of knowing Dr. Todd. I was very fortunate to do a rotation as a medical student at the Robinson Family Clinic. The experience was a highlight in my medical education and opened my mind to alternative modalities of healing. Everyone in the office treated me with such kindness. I will always cherish my time with Drs Harold and Todd. I know Lakeland will miss them tremendously.

“ *Dr. Todd was the first doctor to ever truly listen to my problems and give me answers as to how to fix them. He would sit in the room with me for over an hour sometimes and share not only health recommendations but also bits of wisdom; I learned so much from him, and my health improved tenfold because of his advice and care. I am devastated that he has passed, but I know he's in a much brighter place now. Sending much love and many condolences to his family <3*

“Seven months ago I met Dr Todd and he seemed to know what was ailing me from the start. We started off with tests then onto the medicines he thought would help me. We were just starting the third medicine when he left this world. He listened to me, he spoke gently to me, he always seemed to know what to say at the exact time I needed to hear it. I'll hear his voice every day telling me these things.

Thank you to his wife and children for sharing him with us, his patients. He was a wonderful, caring doctor and person. My prayers are with you during this most difficult time.

“ I will miss Dr. Todd Robinson, he and his father had lived with the courage of their convictions and have given Lakeland some of the best alternative medicine available, focusing on core medical treatment. He was also just a really nice person, and I am so sad to see him go.

Patty - July 17, 2018 at 07:44 AM

AS

“ Dr. Todd was knowledgeable. He was able to look beyond my symptoms to the root cause and treat that. I never felt like just another patient. He treated me (and my family) with respect and dignity. He often came to the I.V. room to check in on the patients. On one such visit, I remember him talking about each of his children and their strengths. He was very proud of them. Our prayers are with you. Andrea Scroggin

Andrea Scroggin - July 17, 2018 at 07:18 AM

KS

“ I will forever hear his voice in my head when my children are sick “Now mama, you know the drill: lots of vitamin C, plenty of fluids and rest”- Thank you Dr. Todd for your care of our whole family. To the Robinson family, thank you for sharing your husband/dad with us! May God grant you peace and comfort as only HE can give.

Kelly Spezzano - July 17, 2018 at 07:16 AM

“ I found Dr. Todd at a just the right time in my life to help me through some physical challenges that other doctors could not. He was a caring and compassionate doctor and I will always remember that. I am praying for the family in this time of grief. May our Heavenly Father surround you with His love in special ways and carry you on the hardest days. Love and prayers, Lois Linamen - Auburndale

Lois Linamen - July 17, 2018 at 06:44 AM

“ So many memories I could share. My most cherished was this past December 2017, after returning from Toccoa GA. following my dad's unexpected death. I shared my story with Todd during an office visit. The day I found out that my dad had died, I had an appointment with Todd that same morning. I left his office and returned home shortly after I was informed that my dad had died. Todd was so sad for our family. When I shared the details, he reminisced of his dad's passing in January and sat and cried and offered me such kind words of encouragement. He was always concerned about my families health, and took time to listen and dig into the medical needs we had. He offered us the best care. He was an amazing doctor and a dear friend. We are quite sad to have lost him. We will be praying for your family as you grieve this loss. All of our love. Carson and Toni Futch.

“Many years ago I was sick in a wheelchair and couldn't even care for myself. The treatment and prognosis given to me by a specialist was grim. God had other plans, the first of which was finding Dr. Todd. He spent a lot of time with us that first visit, giving solid information and even more importantly giving us hope that I could get better. A few years later I expressed my desire to go back to teaching. I had been able to walk three months after his treatment and I was getting better. He told me with a twinkle in his eye that it would either kill me...or save me. I think he was pretty proud that I went for it. He told me that he could tell how passionate I was about the children. Over the years I enjoyed so much the stories he would share of his beautiful wife and children. He adored his family! Dr. Todd saved my life. So many times over the years I would meet others in the waiting room that said the same. He was an amazing physician and I feel like he was the General in my war against this illness. He was always rooting for me to win and when I didn't do my part, he was gentle but scolded. Selfishly, I don't know how I will carry on without his medical guidance. No one can fill those shoes. Honestly though there is a huge void in our community. Heaven got a really great one! I imagine him out fishing with his dad. I pray for his beautiful family. I hope all of the wonderful memories bring you peace. Love sent from me.

DP

Meeting Dr.Harold and Dr. Todd when I first moved to Lakeland in 2007 gave me hope. Medical Doctors who treated patients the way they did when I was a child. They did not push drugs and only used them as a last resort. What a serious void in our Community since the loss of these two Greats. My heart is heavy.

My favorite story...at lunch once, Dr Harold left the table for a minute, I asked Dr Todd if he thought I should get a Medical Degree, too! He laughed and said he asked his Dad once if he should get a Chiropractic Degree, too....his Dad told him, be good at what you are doing. I told Todd I was going to see if his Dad would treat me the same. Dr Harold returned to the table, so I asked him if he thought I should get a Medical Degree,too! He said, be good at what you are doing...LOL...I loved this Pair a Docs!!! So busy caring for our own patients, many shared patients. I even took my own Mom to Dr Todd. So much more to learn from him, we always think we have more time. Praying for his lovely wife and children. Thank you for sharing your Dad with all of us. He definitely made a difference and will not be forgotten.
