“ My most treasured memory of Tommy was his kind heartedness because when my brother was diagnosed with stage 4 kidney cancer Moffitt prescribed him pain pills that his insurance wouldn't cover and my brother was in so much pain and I didn't have \$500 so I called Tommy and told him the situation and without hesitation he said I got you when I ask him if he could loan me the money he said he would call me when he got off work and I could come get it and when he gave it to me he told me not to worry about paying it back and he hugged me and made me cry that was the most kind thing anyone had ever done for me but a few months later I surprised him and gave him the \$500 back and at that time he needed it so from that moment on I knew he was really my friend and I loved him so much and I will always cherish the friendship and memories Tommy and I shared and I thank God for putting such an amazing person in my life. My heart is broken Tommy I miss you and I will love you forever Rest easy and fly high on that mountain until we meet again.
