CR

“ Craig is my next to oldest brother who has lived in Florida for at least 40 years. He went to Emory Riddle Aeronautical University in Daytona Beach in the 70's becoming a well established airplane interior fabricator for a national company.

He loved St. Augustine where he lived for many years prior to moving to Lakeland. His joy for all things seafood was evident especially delicious calms and succulent scallops among other dishes. He was an excellent cook seeming to enjoy preparing meals for himself as a single man and for his immediate family particularly his mother Berlie and brother Carey.

He made himself available to care for our mom in her later years staying with her at the home place learning to receive and give unconditional love. His labor of love for our family will not be forgotten.

As his own illness progressed he spoke often of a place we affectionately call camp. The attached picture is of a legacy started over 100 years ago BSRGC and Camp Richardson. He loved his home state Virginia where camp is located hoping to return for one more visit. He will always have a special place in my heart and his desire to try to live unconditionally will motivate me daily. Go rest on high Craig your work on earth is done. I look unto the hills and where does my help come from, my help comes from the Lord maker of heaven and earth. Ps 121:1-2

I love you Craig...

Your brother,

Francis Clark Richardson, Chaplain, Pastor and Promisekeeper.
