“ *When I first joined the Plus One golf league in Wenham I didn't know anyone, but Moose made me feel right at home. After league golf was over he would usually be the one to start a putting contest or an additional golf game of some sorts and it was always a lot of laughs. There hasn't been anyone like him since. We will all for surely miss him. My condolences to all who knew him, Bob Guidara.*

“ *I have many fond memories of Moose. From his lunchtime runs to Dairy Queen for Buster Bars to playing softball, golf, and skiing, we always had a lot of fun together. Moose also worked hard. He was an accomplished machine design engineer. He could do just about anything that he set his mind to.*

Deepest condolences to his family and loved ones. Moose will certainly be missed!
